Euphoria 2023

BRAINIAC

FUN • LEARN • UNWIND • ENERGIZE

Here is what our students say..

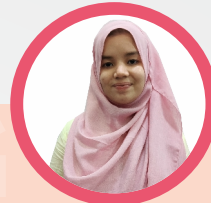

My excursion in Mayank Tutorials started from std 9th. It was a terrific experience. I am grunted with all the tips & tricks and personalized information given to help my personal essentials. I admire the diligence and dedication of all the teachers and the staff. The faculties are highly qualified and cooperative. I highly recommend enrolling in Mayank Tutorials, the only brand you can trust.

PRAKRITI YADAV
X SSC (CHEMBUR NAKA)

I have started my journey with mayank tutorials in STD 10th and it was an amazing journey. All study tricks given by the faculty were very helpful for my ssc examination. All the faculties very kind and were always ready to clear our doubts especially Pooja mam and Jay sir. I would really appreciate mayank tutorials for their great impact in my life.

ARYAN GUPTA
X SSC (BORIVALI)

I can't express my gratitude in words. My study schedule has never been more organized than it is in Mayank Tutorials. Till Std. 9th, I have never attended any coaching classes, so I thought I'd never be able to get comfortable, but the teachers have made everything so much easier that studying now feels nothing like a burden, instead, it has now become much of an interesting task of my life, which I'm genuinely enjoying. I would conclude it as my best decision to join Mayank Tutorials being part of my board exam preparation.

SIDRA KHAN
X SSC (GHATKOPAR)

My name is Drashti Suhagiya, and I joined Mayank Tutorials in the 11th standard. I am writing to express my deepest gratitude and appreciation for the invaluable support and guidance I received during my time there. From the very first day, the staff and faculty made me feel welcome and supported. The warm and encouraging atmosphere helped me settle in and focus on my studies. The faculty not only provided clear and thorough explanations of complex concepts but also inspired and motivated us to strive for excellence.

DRASHTI SUHAGIYA
XII SCIENCE (KANDIVALI)

Mayank Tutorials has become a 2nd home to me. Their teaching techniques have helped me in getting better in studies and understanding various concepts of various subjects easily. The faculties are well experienced, caring and helpful. I personally recommend Mayank Tutorials to every student who's seeking for safe space which will help them excel academically.

SHIREEN MOLLAH
X SSC (CHEMBUR NAKA)

My journey with Mayank tutorials started in 2023, when I was in 9th Std. Before joining Mayank Tutorials, I was an extremely unconfident student, So I was never able to get my doubts cleared. After joining Mayank Tutorials, the burden of queries on me was reduced. All the teachers are so great in their own way. Our science faculty, Subhankar Sir made science so much easy for me, all his experiments are worth it. Everyone associated with Mayank Tutorials is so friendly and helpful, they generated a sense of confidence in me. I thank all the wonderful teachers and staff members of MYT for what they have been doing for us without making it seem difficult.
